YOUR LETTER OF 3/9/63
OUR REF. HW/mb

DATE September 12, 1963

Dear Professor Natta:

Thank you for your letter of September the 3rd. Unfortunately it is not possible for me at this time to arrange another date for my visit to Milano.

Otherwise I was very glad that you would accept my visit at your laboratories. I hope that I will have the opportunity to arrange this visit some other time.

Yours sincerely,

CENTRAL INSTITUTE FOR
INDUSTRIAL RESEARCH

Dear Doctor Wang,

With regard to your letter of July 31, 1963, concerning your visit to Milan on October 4, I would preferably suggest you to postpone your visit after October 7, or else to come earlier than Sept.25.

I would appreciate your letting me know your mind about your visit here.

Sincerely yours,

G.Natta

YOUR LETTER OF

OUR REF. HW/mb

DATE July 31, 1963

792

Dear Professor Natta,

This autumn I have through an "OECD Senior Research Fellowship" got the opportunity to visit Milano, and I would be very grateful if I could get your permission to visit your institute.

I am working with Dr. Techn. N. Bergem at the High Polymer Department at the Central Institute for Industrial Research in Oslo. One of our main interests at the moment is characterization of stereospecific catalysts by means of electron spin resonance methods. Some years ago I worked with crystallography under Professor O. Hassel at the University of Oslo. I have noticed the eminent works done in your laboratories in this field, concerning both structure determinations of the polymers obtained and on the catalysts used.

Before going to Milano, I will attend the VARIAN EPR workshop. This will be held in Zürich from September 25 through October 3. Thus I hope to be in Milano Friday, October 4, and would then like to visit your laboratories, if this is convenient for you.

I would appreciate very much to hear from you if this could be arranged, and if the time suggested, Friday, October 4, suits you.

Yours sincerely,

Hagbarth Wang

Dear Doctor Bergem:

Referring to your letter of May 30, I wish to inform you that Monday the 18th of June will be convenient for a visit to my Institute.

If, by chance, I am absent, a co-worker of mine, Prof.Danusso, will be glad to meet you.

Sincerely yours,

G.Natta

Dear Professor Natta,

I thank you very much for your kind letter of April 4, telling me that I will be welcome for a visit to your Institute.

According to your advice I have postponed the visit and will contact you as soon as the plans are ready for my next trip, which will probably take place at the end of May.

Yours sincerely,

Normann Bergem

Dear Doctor Bergen,

With regard to your letter of March 30, 1962, I regret to inform you that I shall not be in Milan on April 24 and that a number of coworkers of mine will be absent too, owing to Easter holidays. In fact Easter falls on April 22 and April 25 is an Italian National holiday.

If you can postpone your visit after May 1st, I shall be glad to meet you; if it is impossible for you to do so, on your arrival here, please ring my secretary up (telephone N° 292105/6/7) in order to know whether some of my coworkers are in Milan.

With my best regards.

DATUM
Feb. 12. 1959

Dear Sir,

On December 10th 1958, we wrote you about the following paper:

"Properties of Isotactic, Atactic and Stereoblock Homopolymers, Random and Block Copolymers of α -Olefins."
G. Natta, Institute Chimica Industriale del Politecnico, Milan.

We inquired if you could possibly supply us with the report, or if you could give us any information about where to obtain it.

If it does not inconvenience you too much, we would appreciate a speedy answer, as this is very urgent.

Hoping to hear from you, and thanking you in advance, we are,

Yours faithfully

Messrs. Norsk Hydro,
Oslo (Norvegia)

Dear Sirs,

we need heavy water (title 99%) for scientific work and we hope you can supply us with it.

For the present we wish an amount of 100 gms, supplied in ampoules of 25 cc. maximum, but preferably less.

If it is available, we should be very grateful to you for an early delivery.

Very truly yours,

(Prof. G. Natta)

Ref.No. 214/r1

Dear Mrs. Andersen,

with reference to your letter of February 12, 1959 concerning the paper : "Properties of Isotactic, Atactic and Stereoblock Homopolymers, Random and Block Copolymers of α -Olefins " , I wish to inform you that the Natta's paper is now in press in "Journal of Polymer Science"

As soon as we receive the reprints, we shall send to you a copy of them.

With best regards.

Yours truly,

(Mrs.) Ressana Lamma
(Secretary to Prof. Natta)
